

CORONAVIRUS (COVID-19) PREVENTION MEASURES

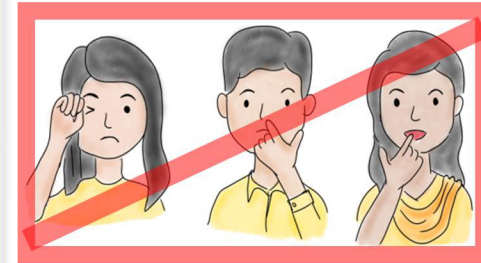

Following these actions can help reduce the chance of us getting the virus or passing it on to others

Stay at home and go out
only if essential

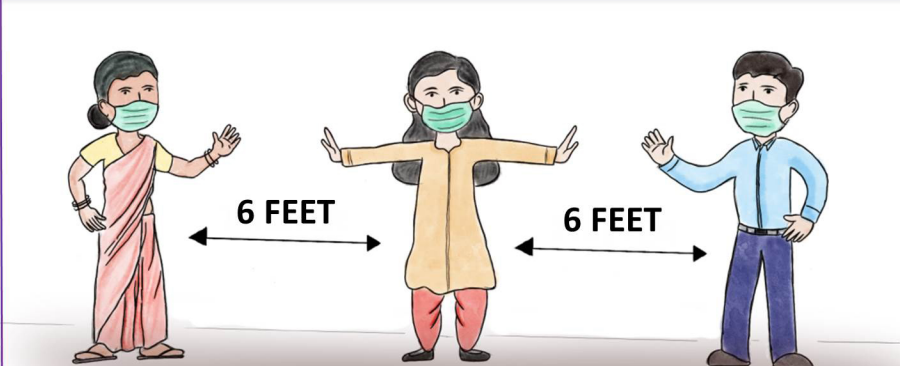

Wear mask when outside your house

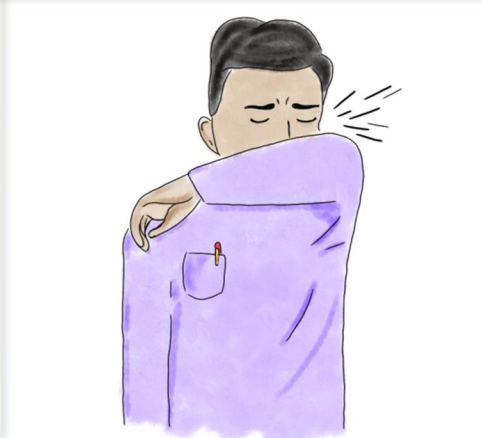

Do not touch your eyes, nose or
mouth till you have washed
your hands

Wash your hands frequently with
soap and water

Distance yourself at least 6 feet away from people and do not go
to crowded places as much as possible

If you need to sneeze or cough,
do it into your elbow/ sleeve or
handkerchief

Use an alcohol-based
hand sanitizer if you
cannot access soap
and water

We can take responsibility for our own actions
and that of our family members
